

# The MSJ Project

## Testimonials

*The MSJ Project had been a huge hit with my guests at several large parties that I had hosted, so when my church threw a mortgage-burning party to celebrate the last payment on our mortgage, I approached the band with a request to provide the music. The only concern of my church board was that many of the attendees at this function were more mature than my party guests. For this occasion we needed a more subdued play list. The MSJ Project provided exactly what we needed for the occasion, playing a very nice set of tunes that appealed to everyone. They modulated their volume to a comfortable level that allowed the attendees to socialize during the event. I could not have been more pleased.*

*I asked the MSJ Project if they would provide some music for the first annual Riverfest, which was a fundraising benefit for at risk youth in Old Town Alexandria. They agreed without hesitation. On the day of the event, they arrived early and were all set up and ready to go when the participants arrived. They played a full hour of Classic Rock mixed with their original tunes, which got the crowd in the mood for a lively party. They are a real crowd pleaser, and we expect to have them back next year.*

*MSJ Project recently performed at a large corporate gathering which I organized. The play list was appropriate for the crowd and still they rocked the house! Often at work-related functions, it's difficult to get people to dance. No problem with MSJ Project on the stage. I would highly recommend them for not only their musical talent, but also their ability to keep the evening's schedule on track and moving.*

*MSJ Project has played at Bangkok Blues on many occasions over the past couple of years and it's always been a great experience. Between their musical talents and their crowd pleasing song list, they've always given us a show and a crowd that we've been very pleased with. We'll definitely be booking them again!*
